

SharePoint Guide 4

Task 1 – Evidence

1. Create an evidence document called EVIDENCE followed by your candidate number.
 - Make sure that your name, Centre number and candidate number will appear on every page of your Evidence Document by placing these details in the header of the document.

Task 2 – Web Page

2. Create a new cascading stylesheet using the following specifications:

Style name	Attribute
h1	Color: Pure Red
h2	Color: Dark Green
h3	Color: Dark Blue
p	Color: Black
body	Background color: Red 80, Green 0. Blue 80
table	Internal and external borders: 4 pixels solid Internal borders colors: Red: FF, Green 8F, Blue: 9C External borders colors: Green FF, Blue: 9D, Red: 00 Background colors: Red: 5A, Green 5A, Blue: 5A

3. Create a new webpage called Booking.htm
4. Attach the stylesheet created
5. Insert a table with 2 rows and 1 column
6. In the 1st row in the table, insert the text Created by: followed by your name, set it to h1
7. Add an inline style to this text and set it to be dark green, center aligned
8. Insert the following list in the 2nd row:
 - Book as ol
 - Price as ol
 - Date as ol
9. Insert the previous list in a div tag
10. Apply an inline style to the previous div tag so it becomes 12pt, blue, bold font
11. Create
 - Meta data to set the description of the page to **The Cruise news**
 - Meta data to set the keywords to booking, cruise and sales
 - Meta data to include your name as the author of the webpage
 - Meta data to set the **viewport** of the webpage to adapt any device screen size with initial scale = 1.0

Name: - viewport

Value: - (width=device-width, initial-scale=1.0) You must memorize this part.

- Meta data to define the character set to UTF-8
 - Meta data to define default target window for all links on a page to open in a new tab called _blank
12. Take a copy of the HTML source to your evidence document
 13. Take a screenshot showing the webpage as it viewed in your browser and place it in your evidence document

Task 3 – Submitting

1. Save and print your evidence document
2. Create a new folder in your work area
3. Rename the folder with your name
4. Add all your printouts to the folder
5. Compress the folder
6. Submit your zipped folder through our website
